

23rd Annual General Assembly

IAMU

Helsinki, Finland

AGA23

18-21st October 2023

PROGRAM

Helsinki, Finland 18th - 21st October 2023

International Association of Maritime Universities (IAMU)

IAMU was founded by seven universities representing the five continents of the world (Representative Universities) in November 1999, with a shared recognition of significance of maritime education and training in the rapid globalization of the international shipping arena. Since then, IAMU has significantly expanded its membership, and now boasts 73 universities/academies/faculties of the world's maritime education and training institutions, and The Nippon Foundation as its members, total 74 altogether.

IAMU Annual General Assembly (AGA)

The Annual General Assembly (AGA) is a forum to allow the exchange of information, policy approvals, and the development and fostering of good relations and collaboration among IAMU member universities.

Plenary Session, Presidents' Forum, Project presentation and IAMU conference (IAMUC) are main components of AGA. The IAMU Student Program (IAMUS) may be jointly organized by the host university.

Plenary Session

The Plenary Session provides all staff of member universities with an opportunity to review activities of IAMU and to approve IAMU policies, programs and budget as recommended by the International Executive Board (IEB). The Chair of IAMU and the Executive Director, on behalf of IEB, report to the member universities on the decision of the IEB.

Presidents' Forum

The Presidents' Forum is a meeting in which President of IAMU member universities talk about issues especially on policy, direction, and activity of IAMU considering the academic relationship among member universities as well as the economic and technological developments in the international maritime community. The Local Executive Committee (LEC) of an AGA is responsible for organizing the Presidents' Forum during the AGA.

Project Presentations

Each project coordinator/representative of a funded project such as working group, research, and development project shall make a project presentation in front of academic staff of member universities during the AGA, which is to improve quality of the project.

IAMU Conference

IAMU Conference provides academic staff of member universities with an opportunity to present the outcomes of their academic/scientific research to the IAMU community. The LEC together with the International Program Committee (IPC) jointly organizes the IAMU Conference, including the selection of session topics and qualify papers.

IAMU Student Program

LEC of an AGA may organize the IAMU Student program (IAMUS) during the AGA where students of member universities jointly participate in some events related to students' activities.

Welcome to AGA23

The Annual General Assembly (AGA) is the annual meeting of the International Association of Maritime Universities (IAMU). The International Association of Maritime Universities Conference (IAMUC), held annually as part of the AGA, brings together experts and official representatives of IAMU member universities from all over the world to discuss recent progress and future trends in maritime education, training, research, and other matters within the scope of IAMU.

Satakunta University of Applied Sciences (SAMK) is honored to host the 23rd Annual General Assembly and IAMUC 2023.

Introduction

The 23rd Annual General Assembly is a spectacular event taking you from Helsinki to Stockholm and back, as most of the conference will take place on the cruise ship Silja Serenade which is sailing between the Finnish capital Helsinki and the Swedish capital Stockholm, making it the first AGA at sea.
